

Mary Moody Northen Endowment Galveston Community Impact (GCI) Grant Application Guidelines

Please review this information about the Galveston Community Impact program below in order to comply with all of the parameters. A limited number of grants will be awarded.

1. Goals

The Endowment Board of Directors has expressed its collective interest in considering grants that enable an organization to purchase equipment, furniture and fixtures, supplies and materials essential to the delivery of services and/or accomplishment of its mission. Additionally, the renovation of facilities and/or improvement of energy efficiency of facilities are of particular interest to the board. In all requests, the board is interested in specific details in order to be able to give full consideration to the request.

The Endowment's Board has expressed interest in supporting specific programs within an organization's operation. Any request for this kind of funding should include a detailed program budget.

The board will take into consideration whether a request leverages funds not otherwise available to the organization as well as cooperation with other organizations to serve shared clients.
